

PROJECT P.A.

CUSTOM SCARF ORDER

Thank you for expressing your interest in ordering a custom scarf. Please refer to this guide to assist you in your order. There are 3 customisable elements:
Yarn colour, fair isle knit patterns and optional monogram.

Custom scarves are priced at \$260AUD and is not inclusive of an optional monogram (+\$20AUD) or express shipping costs.

Please use the order form to confirm your custom scarf order and customer details. We will then prepare and send you an invoice according to your order. Manufacturing will commence upon the receipt of payment.

As a general estimation, please expect two - three week for your order to be manufactured. We will inform you prior to payment should we anticipate these timeframes to change. Please refer to our terms and conditions for further information.

<https://www.project-pa.com/terms-conditions>

1. Yarn Colours

Please select the yarn colours you would like used to create your custom scarf. We find that most of our scarves contain 3 - 7 colours. All scarves are made from 100% Australian wool.

2. Fair Isle Knit Pattern

Please select from the available patterns that you wish to have featured in your custom scarf. We will select the pattern order, proportion and colour combination (from your yarn colour choices). If there is a particular sequence you would like, please specify this in your form - feel free to send reference images from other scarves. You may also choose to have Project P.A. select your patterns for you, in this case you will select the colours and you can leave the rest up to Phoebe!

3. Monogram (optional)

If you wish, you may request to have a one or two-letter monogram positioned horizontally on one side of your scarf, or have a maximum of 8 letters positioned vertically. This service is an added cost of \$20AUD, due to need to develop and test a custom single motif of your desired letter combination. Please specify lettering combination in your order.

*Please note that custom items are non-returnable, unless deemed faulty.
